

2013 PRE-SESSION SURVEY RESULTS

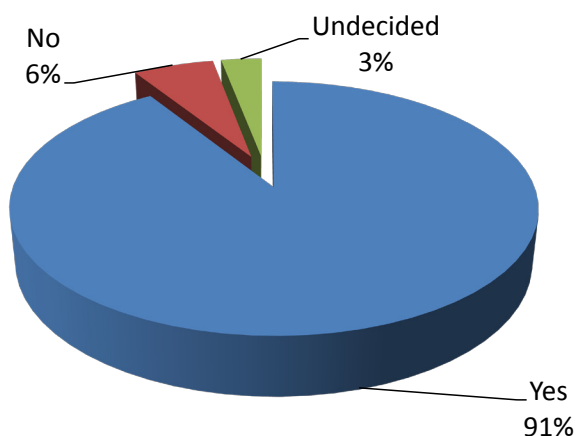

1. According to the Skills Gap report, 67% of manufacturing companies reported moderate to severe shortage of available, qualified workers. Do you think high schools should provide improved career and technical education programs to better prepare graduates to qualify for job openings?

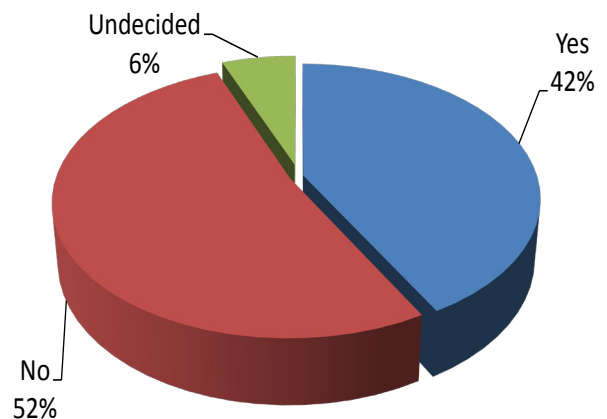

2. Do you support allowing local officials to raise income taxes to fund mass transit, such as a commuter bus or light rail system?

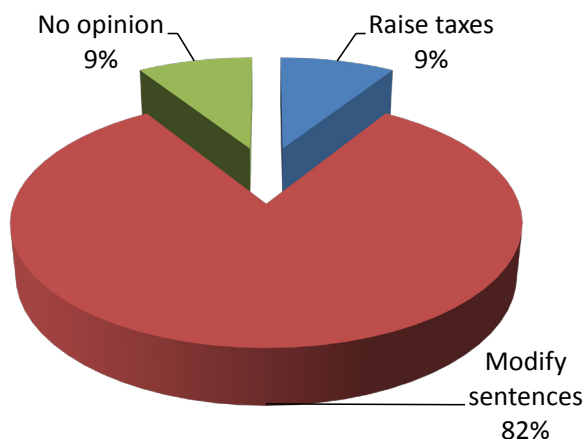

3. Do you believe Indiana, like other states, should implement random drug-testing as a requirement to receiving state-funded welfare benefits?

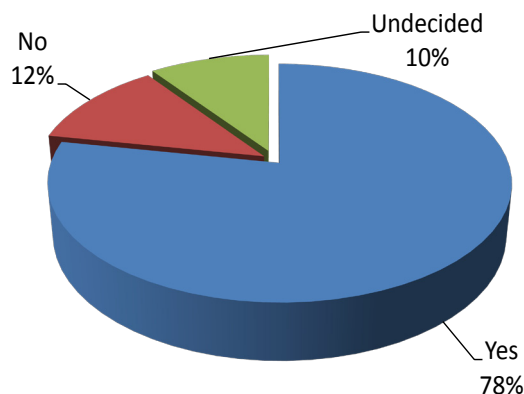

4. Would you support changing Indiana law to allow the carry-out sale of alcohol on Sundays?

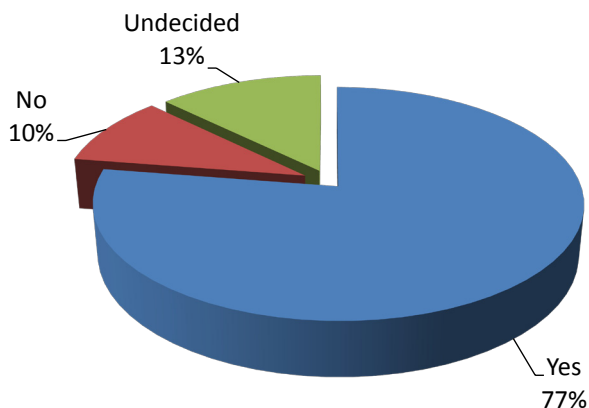

5. Indiana's prison population is increasing even as our crime rate drops. Would you rather raise taxes to build a new prison or modify Indiana's sentencing guidelines for low-level and non-violent offenders?

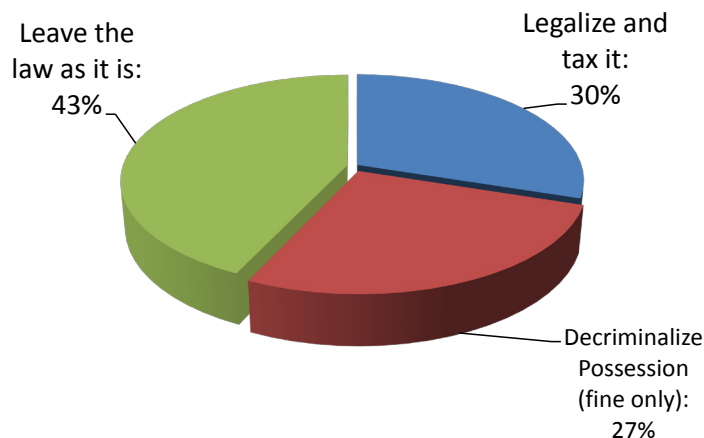

6. Do you believe that providing tax incentives to new and expanding businesses is a good strategy for increasing employment opportunities available to Hoosier workers?

7. Do you believe the last year of high school should be spent earning college credits, training for a vocation and/or taking intensive remediation courses to become college or career ready?

8. Under current law, if a person pleads guilty to possession of small amounts of marijuana, they may be sent to a diversion program for a first time offense or may be convicted of a Class A misdemeanor (which carries a sentence of up to a year in prison and a possible fine). Some are proposing reducing the penalty for possession of small amounts to an infraction (fine only) and others may propose legalizing and taxing the sale of marijuana. Would you:
